

CM Engineering Donates \$30,000 to Kirk Mescher Memorial Scholarship Fund

For Immediate Release

Date: May 9, 2016

Members of CM Engineering recently presented a \$30,000 contribution to the Kirk T. Mescher Memorial Scholarship Fund in honor of their company's founder.

Contact: Kent Hayes
CEO
CM Engineering
573-874-9455

Kirk Mescher was a well-known industry leader in the design of ground source geothermal heating and cooling systems and heat pumps. His designs were particularly noted for their simplicity, elegance, cost-effectiveness and very high energy efficiency.

The Scholarship Award Fund is administered by the St. Louis chapter of the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE). The award is to be given annually to practicing engineers, teaching faculty or students who are working on new concepts to improve energy efficient HVAC systems.

Present for the donation were, left to right:

Jim Rosick, St. Louis ASHRAE Chapter President; Brian Ingenthron, St. Louis Chapter Scholarship Chair; Carter Schamel, F.E., CM Project Engineer; Kent Hayes, CM CEO; Wayne Strobe, P.E., CM Principal Engineer; Russ Vinson, P.E., CM Project Engineer; Mike Boles, P.E., CM Project Manager; Vincent Stanec III, AC Systems.
